8. Awards/Medals for outstanding performance in sports/cultural activities at National/International level:

Student Award/Medals are one of the most effective ways to motivate students to try harder, study longer, and give it 100% every time. Not only does a reward motivate the student receiving it to continue the behavior or action that got them their prize, but other students will want a piece of the action as well. During the academic year our students participated in various sports/cultural activities at National/International level received various awards.
