3. Each team shall consist of 2–4 students.
4. A student can participate in only one team.
5. Each team must nominate one Team Leader.

Idea

1. The proposed idea should be original or meaningfully developed by the participating team.
2. Students may present a product, service, technology, social enterprise or startup concept.
3. Existing businesses may be selected as inspiration, but students must demonstrate their own innovation/value proposition.
4. Plagiarism or direct copying of another team's idea may lead to disqualification.
5. Teams should disclose if their idea uses publicly available technology, open-source material or an existing business model.

Presentation

1. Each team will get **5 minutes for presentation**.
2. The team will receive **3 minutes for Shark Q&A**.
3. Teams must strictly follow the time limit.
4. Going substantially beyond the allotted time may result in deduction of marks.
5. All team members should preferably participate in the presentation Q&A.

Investment

1. All investment are Simulated investments
2. No actual financial transaction will take place.
3. The Sharks' investment decisions are part of the competition simulation.
4. Judges' decisions regarding investment offers and competition scoring will be final.

Behavior

1. Students must maintain professional conduct throughout the event.
2. Arguments with judges/Sharks regarding marks or investment decisions will not be permitted.
3. Offensive, discriminatory, defamatory or inappropriate content will result in disqualification.
4. Teams must respect other participants and judges.
5. Students must report to the venue at the prescribed reporting time.
6. All rights are reserved with organizing team.

Technology

1. Teams may use PPT, prototype, model, video or product demonstration.
2. Teams should keep a backup copy of their presentation.

3. Students should not use technology during the presentation to misrepresent their own work.

- **Suggested Student Pitch Deck**

Limit the presentation to **7 slides**.
