**FACULTY OF ENGINEERING**

### **PARTICIPATION CATEGORIES**

To provide equal opportunity to students at different educational levels, participation may be organized under the following categories:

#### **Category I – School Students**

Students from Secondary and Higher Secondary Schools.

#### **Category II – Diploma / Polytechnic Students**

Students pursuing Diploma / Polytechnic programmes.

#### **Category III – Undergraduate Students**

Students from Engineering, Pharmacy and Architecture.

#### **Category IV – Management & Computer Applications**

Students from MBA and MCA.

The organizing committee may evaluate participants category-wise, considering the educational level and expected depth of the participants' work.

### **10 TRACKS • ONE VISION**

Participants may select a topic from any one of the following broad interdisciplinary tracks:

1. **Dr. A. P. J. Abdul Kalam – My Inspiration, My Vision for India @ 2047**
2. **Dr. S. Radhakrishnan & My Teacher – My Inspiration**
3. **Contribution of Yashoda in Social Reforms**
4. **Artificial Intelligence, Robotics, Digital Technologies & Industry 4.0**
5. **Sustainable Technology, Renewable Energy, Environment & Climate Action**
6. **Smart Cities, Infrastructure, Architecture & Mobility**
7. **Healthcare, Biotechnology, Agriculture & Rural Development**
8. **Education, Skill Development, Innovation & Entrepreneurship**
9. **Space, Defence, Advanced Engineering & Strategic Technologies**
10. **Social Innovation, Inclusive Growth & Sustainable Communities**

School students may select topics appropriate to their age, curriculum and level of understanding. They are encouraged to focus on creative ideas, simple scientific concepts, practical solutions, local problems

## GUIDELINES FOR PARTICIPANTS

1. **Team Composition:** Each team shall consist of **Maximum 2 students**. Interdisciplinary participation is encouraged.
2. **Participation Categories:** The competition is open to **School Students, Diploma/Polytechnic Students, Undergraduate Students (Engineering, Pharmacy & Architecture), and MBA/MCA Students**. Evaluation will be appropriate to the participant's educational level.
3. **Registration:** Each team shall register its **poster title/topic** through the respective **Department Coordinator, Head of the Department (HoD), or Head of the Institution/** Online via Google Form (QR Scanner) **as applicable**, within the prescribed time.
4. **Thematic Tracks:** Participants shall select a topic from the **designated thematic tracks**. Tracks 1–7 are primarily intended for higher-education students, while Tracks 8–10 are specially designed for **School Students**.
5. **Poster Size:** The poster shall be prepared on a **Half Imperial Size Sheet – 559 mm × 381 mm (approximately)**, preferably in **landscape format**.
6. **Theme:** The poster must be aligned with the theme **“Kalam Vision 2047 – Innovating Today for a Developed and Sustainable India.”**
7. **Topic Selection:** Participants may present **innovative ideas, scientific concepts, emerging technologies, research ideas, prototypes, social solutions, environmental initiatives or entrepreneurial concepts** relevant to the selected track.
8. **Interdisciplinary Approach:** Participants are encouraged to integrate knowledge from **different disciplines** to address real-world challenges and develop innovative solutions.
9. **Poster Content:** The poster may include **Title, Background, Problem Statement, Objectives, Concept/Methodology, Innovation, Applications, Impact, Conclusion and References**, as applicable to the topic and educational level.
10. **Originality:** The poster should be **original, creative and innovative**. All sources, data, images and references used shall be appropriately acknowledged.
11. **Presentation:** Each team shall display and present its poster at the **designated venue** and explain the concept, innovation, applications and expected impact to the evaluation panel.
12. **Evaluation:** Posters will be evaluated based on **originality, creativity, innovation, theme/track relevance, conceptual or technical understanding, sustainability, social impact, practical applicability, visual presentation and presentation skills**, considering the participant's educational level.
13. **Use of AI & Technology:** Participants may use **AI tools, digital technologies and relevant software** for developing their work. However, participants must understand the content and disclose significant AI-assisted work wherever applicable.
14. **Mentor Guidance:** Guidance from **teachers, faculty members or mentors** is permitted; however, students must be able to **independently explain and defend their ideas** during the presentation.
15. **Vision for 2047:** The proposed idea should demonstrate its potential contribution towards a **developed, sustainable, inclusive, innovative and self-reliant India by 2047**, inspired by the vision and scientific spirit of **Dr. A. P. J. Abdul Kalam**.
16. **Organizing Committee:** The decision of the **Organizing Committee/Evaluation Panel** regarding eligibility, evaluation, ranking and awards shall be **final and binding**.
